Math Teacher

Scattergood Friends School and Farm seeks an energetic Math teacher interested in progressive education at its unique campus with 126 acres of organic farm and restored prairie. The position starts in August 2020 through June of 2021 with an opportunity to extend to continued employment.

As a full time Math teacher the successful applicant will teach Algebra II, Trigonometry (Pre-Calculus), and Calculus, and run a math lab ~2 evenings/week.

As a teacher the individual is responsible for planning, delivering, adjusting instruction, and measuring, communicating, and reporting progress to facilitate the learning and development of students. The candidate needs to demonstrate ability to stimulate students' curiosity, and eagerness to learn math. All full time teachers also assume additional duties to contribute to the community including leading a work crew, general supervision, advising, and/or other possibilities depending on the skills/interests of the applicant .

Located in West Branch, Iowa and founded in 1890, Scattergood is a unique college-preparatory school for boarding and day students with a progressive educational program and an extensive organic farm. Please visit www.scattergood.org to learn more about the school's mission, program, and history.

Required Education and Skills

Bachelor's degree or higher degree in a related field.

Qualified teaching candidates should have a thorough understanding of inquiry-based learning and possess an ability to articulate constructivist approaches to teaching. Teachers are expected to have frequent communication with students and school staff in ways that nurture a healthy learning experience for students.

Compensation includes salary, rent-free on-campus housing, meals when school is in session, health and disability insurance.

To Apply
